1. **8/2000 to present:** Joe Rosenthal Excellence Professor, ISOM Department, Bryan School of Business and Economics at the University of North Carolina - Greensboro. Was awarded Joe Rosenthal Excellence Professorship in May 2001. Initiated the Ph.D. program in Information Systems in Fall 2003 and was the Ph.D. Program Director from August 2003 to July 2008. Teaching responsibilities include Ph.D. research seminars, international IS, IS management, database management, programming, and decision support systems.
2. **7/2007 to 6/2011:** Director, McDowell Research Center at the Bryan School of Business and Economics at the University of North Carolina – Greensboro.
3. **8/2000 to 7/2004:** Head of the ISOM Department, Bryan School of Business and Economics at the University of North Carolina - Greensboro. Managed a department with twelve tenure track faculty members, four lecturers, several part-time instructors, and two secretaries.
4. **7/86 to 7/2000:** Professor from Sept. 1993, and Associate Professor before in Management Information Systems, Fogelman College of Business and Economics, The University of Memphis, Memphis, Tennessee. Taught MIS courses including database management, telecommunications, management of MIS and IRM, international information systems, introduction to computers, introduction to MIS, systems analysis and design, DSS and expert systems, information systems projects, C programming language, statistics, etc. Teach mostly at Ph.D. and master's level.
5. **7/83 to 6/86:** Assistant Professor, Department of Computer and Information Sciences, Temple University, Philadelphia. Courses taught included systems analysis and design, systems implementation, data structures, database management, intro to computers and MIS and programming languages such as COBOL, FORTRAN and Pascal. Courses taught both at undergraduate and graduate level.
6. **1973-81:** Part-time Instructor and Teaching Associate, University of Minnesota. Taught undergraduate courses in Quantitative Analysis, Statistics, MIS and programming languages.

BUSINESS EXPERIENCE

1. **4-79 to 8/83:** Internal consultant (full time position), Control Data Corp., Minneapolis in their Computer Performance Evaluation Dept. In this senior, equivalent to manager, position, completed several projects related to the capacity and performance analysis of Cyber 170 and Cyber 200 class systems and subsystems. Developed

simulation, mathematical, queuing and statistical models, and information systems for tracking/analyzing/improving performance.

2. **3/78-3/79:** Project Manager and Systems Analyst, Hennepin County, Minneapolis. Was responsible for the development and maintenance of information systems in the areas of Accounting, Social Services, Child Welfare and Chemical Dependency.
3. **9/75-2/78:** Operations Research analyst, Hennepin County, Minneapolis. Provided analytic and consulting capabilities in the Planning Department in the areas of Operations Research and Statistics. Worked on many operations research projects, e.g., forecasting, simulation, regression analysis and methods for obtaining citizen input into decision making.
4. **9/74-9/75:** Management Engineer, St. Cloud Hospital, St. Cloud, Minn. Conducted several Industrial Engineering, Operations Research and Systems studies for the hospital.

RESEARCH

RESEARCH Highlights: Have been ranked among top IS researchers by many publications. Have published 115 journal articles, 5 books, 21 book chapters, and 232 conference proceedings. Google Scholar shows 7998 citations to my works and an h-index of 38. Articles have appeared in major journals such as the *MIS Quarterly*, *Decision Sciences*, *Communications of the ACM*, *Communications of the AIS*, *Information & Management*, *Decision Support Systems*, and *ACM Transactions on Database Systems*.

43. Panel chair for "Qualitative Research into International Information Systems Needs Special Consideration - or Does it?" Proceedings - Global Information Technology Management World Conference, Memphis, Tennessee, USA, June 2000, pp. 277.

44. Panel chair for "International IT Research: What, How, Where?" National Decision Sciences Institute, New Orleans, 1999.
45. Panelist on "IS Journal Connection" at the AMCIS conference in Milwaukee, August 1999. Represented the *Journal of Global Information Technology Management* in this editors' forum on several debatable issues.
46. Delivered the keynote address "Global IT: A Stream of Research and Some Resources" at the IFIP Working Group 8.7 conference at ICIS in Helsinki, Finland (December 1998).
47. Made a presentation "Some Thoughts on Global IT, and the Global IT Center at The University of Memphis, USA" at the Annual Cross-Cultural Research Meeting in Helsinki, Finland (December 18, 1998).
48. Delivered the lunch keynote speech, titled: "Global IT: Research, Theory & Practice" at the inaugural conference of IFIP Working Group 8.7 (Informatics in Multinational Enterprises) on October 13, 1997 in Washington, D.C.
49. Gave a plenary session speech on "Business Process Engineering". ICAUTO-95 conference, Indore, India, December 1995.
50. Conducted a very successful 3-day workshop on "Logical Modeling in Corporate Information Systems" in Tokyo, Japan for business executives (August 21-23, 1995). The workshop was sponsored by Bunkyo University in Japan.
51. Panelist on "Mapping Your Academic Career: Evolving Stages" at the 6th International Conference of the Information Resources Management Association in Atlanta, Georgia, 1995.
52. Panelist on "The Future of Journal Publishing: Print, Electronic and CD-ROM - What is the Impact on Academicians and Practitioners?" at the 6th International Conference of the Information Resources Management Association in Atlanta, Georgia, 1995.
53. Conducted a one-week workshop on "Logical Modeling in Corporate Information Systems" in Tokyo, Japan for analysts and managers in business (July 25-29, 1994). The workshop was sponsored by Bunkyo University in Japan. The workshop was highly acclaimed by the participants.
54. Panel chair of "International Information Systems Research", at the 2nd International Conference of the Information Resources Management Association in Memphis, Tennessee, May 1991.
55. Panelist on "Research Opportunities in Information Technology Management in the 1990s" at the 2nd International Conference of the Information Resources Management Association in Memphis, Tennessee, May 1991.
56. Presenter at a workshop on "How to Develop Journal Articles, and Successfully Publish" at the 2nd International Conference of the Information Resources Management Association in Memphis, TN, May 1991.
57. Panelist on "International Aspects of Information Technology Management" at the 1991 Southeast Decision Sciences Institute Annual Conference in Arlington, Virginia, February 1991.
58. Panelist on "Information Technology Management: Research Perspectives of the 1990s" at the 1990 National Decision Sciences Institute Annual Conference in San Diego, November 1990.
59. Participated in a workshop on "Database Directions: Information Resource Management (IRM) - Making It Work" on invitation of the Institute for Computer Sciences and Technology of the National Bureau of Standards, Ft. Lauderdale, Florida, October, 1985. Participated in the development of position papers on "IRM and the System Life Cycle".

GRANTS:

1. Submitted (June 2011) the proposal “EHR Adaptations Deviations and Workarounds. Reasons and Hospital Implications” to National Institute of Nursing Research (NINR) at the National Institutes of Health (NIH). Requested amount: ~\$100,000 over two years. Not funded.
2. Received (December 2010) UNCG Regular Faculty Research Grant for “Exploring the Synergy between Information Technology and Psychology for Better Understanding of Interpersonal Violence” (with Jacquelyn White). Amount: \$10,000.
3. Received (November 2010) IdURA grant from UNCG for “STUDENTS PREVENT: Student Research to Prevent Violence against Women and Children by Engaging Information Technology” (with Jacqueline White and Hamid Nemati). Amount: \$6,000.
4. Submitted (March 2010) the proposal “Project PREVENT: Preventing Violence against Women and Children by Engaging Information Technology” to the IBM Center for The Business of Government (with Hamid Nemati and Jackie White). Requested amount: \$20,000.
5. Submitted (February 2010) the proposal “The Impact of Cross-Cultural, Cross-Generational Knowledge Flows on IT Healthcare Project Teams” to the Project Management Institute (with Jay Liebowitz). Requested amount: \$50,000.
6. Submitted (February 2010) the proposal “Project PREVENT: Preventing Violence against Women and Children by Engaging Information Technology” as an Earmark for the Department of Justice (with Jackie White and Hamid Nemati). Requested amount: \$300,000.
7. Submitted (January 2010) the proposal “The Impact of Cross-Generational Knowledge Flows: A Case Study Using FDA Health Informatics Project Teams” to the IBM Center for The Business of Government (with Jay Liebowitz, PI). Requested amount: \$20,000.
8. Submitted (December 2009) the proposal “Demystifying Electronic Health Records (EHR) Implementation: Practitioner and Research Issues” to the Department of Health and Human Services, Agency for Healthcare Research and Quality. Requested amount: \$46,124.
9. Submitted (December 2009) the proposal “Application of Web Technology for Interpersonal Violence Prevention” to UNCG federal relations officer to be considered for congressional research funding. Requested amount: \$150,000. The proposal was selected as one of four out of a total of eighteen proposals that will be submitted by UNCG for congressional funding.
10. Submitted (December 2009) the proposal “A Program of Research in Health Information Technology for North Carolinians” to UNCG federal relations officer to be considered for congressional research funding. Requested amount: \$300,000. The proposal was not selected by UNCG for congressional funding request.
11. Submitted (May 2009) a proposal to “establish, maintain and use a comprehensive population-based data surveillance system for persons with SCD and thalassemia” to CDC by Professor Joseph Telfair in

HHP and State of North Carolina. Prashant Palvia and Hamid Nemati from MRC to serve as consultants. Project tentatively funded for \$333,521. MRC pending amount: \$5,000.

12. Submitted (December 2008) with Kevin Lowe and Holt Anderson a proposal “Integrative Leadership Challenges in Mobilizing Health Care Information: The Case of NHIN” to the Center of Integrative Leadership, University of Minnesota. Requested amount: \$10,000.
13. Submitted (October 2008) as Principal Investigator on behalf of the McDowell Research Center (with Nir Kshetri) to NSF. Proposal title: titled "Cyber Control in Authoritarian Regimes: An Institutional Perspective". Requested amount: \$468,052.
14. Received (October 2008) seed grant of \$5000 from Bryan School’s Dean's Research Scholar Program (with Nir Kshetri). Proposal to be submitted to NSF titled "Cyber Control in Authoritarian Regimes: An Institutional Perspective”.
15. Received in March 2008, a grant for \$3,000 from United Guaranty Corporation (Greensboro, North Carolina) for the research project “Information Technology Work Environment Issues”.
16. Submitted as Principal Investigator, in August 2005, the proposal “CRI: GRASP – A Community Resource to Support Global Collaboration in IS Research” to National Science Foundation. Other members of team are: Carol Pollard, Mary Lind, and Choton Basu. Requested amount: \$794,709 over three years.
17. Received, in December 2004, a grant for \$25,000 from the Wachovia Corporation for the support of the Ph.D. program in the ISOM Department.
18. Received, in December 2003, a grant for \$25,000 from the Wachovia Corporation for the support of the Ph.D. program in the ISOM Department.
